

Religious School...A New Year and New Beginnings

This is an exciting time of year. It's a time where we are all experiencing new beginnings. The beginning of the secular school year is almost upon us, the start of the college football season is near, and the new fall television lineup is around the corner. As my family made the move to Plano in late June, we also experienced many new beginnings. A new home, new driver's license pictures, new places to explore with Jordan, Samara & Daniella and many new community members to meet. We look forward to meeting everyone at the numerous programs, services and events at the *shul*.

As I start to get comfortable in my office, I'd like to get to know as many people as possible. I would really enjoy hearing about your Jewish journey and how Anshai Torah is a part of your life - that being said, I'd like to hear from you! I'd enjoy getting a cup of coffee, tea or grabbing a Slurpee (a favorite Cathcart pastime). I look forward to hearing from you!
