

Preschool. . .The Anshai Torah Preschool Difference

Apples with Abba is a magical time in our preschool. Taking time to pay tribute to the important men in our lives brings smiles to faces young and old. It was a very special morning. I have been thinking of all the activities that I have witnessed over the last few weeks. . . the children trying to grasp the very difficult concept of apologizing, Jonah's flying through the air as they exit the whale and the promises made to try harder and reach higher are among my favorites.

All our students are trying hard to reach the next level, whether it is writing new letters, learning Hebrew words or using the potty. But, the teachers and staff are striving for the top too. I want to take this opportunity to thank everyone who works hard every day to help our students reach for the stars. Our children benefit tremendously from your warm smiles, extra hours and fresh ideas. As we move into the new year, I hope that we all have the opportunity to set and reach new goals.

RACHEL
