

## *Religious School . . .*

### **Here comes the school year!**

Books are getting ordered, desks are being cleaned, classrooms are being organized: it's an exciting time for Anshai Torah Religious School! We are thrilled to get our school year started this month. One thing I'm very excited for this year is the introduction of a new Hebrew curriculum. This year, many of our students will begin using a Hebrew curriculum from Torah Aura Productions. Our students will notice nice looking, colorful, and fun activities. Parents will appreciate the well-researched and thoughtfully put together lessons. In addition to this new curriculum, we'll be adding an online learning component for our 4<sup>th</sup>-6<sup>th</sup> graders. PrayerTech is a multi-platform multi-dimensional online prayer learning system that works to help students master the mechanics of prayer anywhere, anytime. Students will use PrayerTech in class and at home. They'll find it fun and easy to use.

Speaking of fun, we're ecstatic to host this year's **Back to School and Meet the Teacher event at Pinstack in Plano on August 20 from 10am-12pm**. Students and parents will have a chance to meet each other and spend some time getting to know their teachers during a morning of Jewish learning, bowling and fun. Look for more details in your inbox soon.

I'm looking forward to having everyone back in the building and hearing all about your summer experiences. Questions about the upcoming school year? Feel free to call or email anytime!
