

Religious School. . .education and enrichment

Dear Religious School Families,

Our new school year is fast approaching!

Books are getting ordered, desks are being cleaned, and classrooms are being organized: it's an exciting time for Anshai Torah Religious School! We are thrilled to get our school year started later this month. One thing I'm very excited for this year is the introduction of a new technology program to enhance our curriculum using the iPads that were purchased with the grant money we received last Spring.

We are looking forward to this year's **Back to School and Meet the Teacher** event at **Urban Air at 14902 Preston Rd, Dallas on August 18, 2019 from 10:15am-12:00pm**. Students and parents will have a chance to meet new families, reconnect with friends after the summer, and spend some time getting to know their teachers. Look for more details in your email soon.

Our first day of classes will begin **August 25, 2019**, for Kindergarten thru 6th grades and **August 28, 2019**, for 7th grade.

I'm looking forward to having everyone back in the building and hearing all about your summer adventures.

If you have any questions or concerns, please do not hesitate to be in touch.

Shalom,

Rabbi Michael Kushnick
