

# Anshai Torah Preschool—your early childhood home

## Our Tu B'Shevat Celebration

We began our celebration with our Parparim class performing "Plant a tree in Erez Israel." They sang about the sun (shemesh) and the rain (geshem). In the evening, we were out in force for Tot Shabbat. Ms. Heather created Education Stations to celebrate the holiday. Our preschool families painted trees, adorned an interactive recyclable tree, investigated the lifecycle of a butterfly and made their own seder plates. We closed with a rap performed by our Pre-K students. Here's a sampling of our rhymes.

In Israel, we made the land blossom.  
Eating fruit is totally awesome.  
Earth day is every day.  
Don't litter dude! It's not OK!
